

IBM Case Foundation 5.2.1: Introduction

Kód kurzu: F230G

This course introduces the features and components provided with IBM Case Foundation 5.2.1. IBM Case Foundation 5.2.1: Introduction (F230G) covers: Introduction to Basic elements of FileNet workflow applications. Introduction to the administrative tools used to administer FileNet workflow applications. IBM Case Foundation architecture. IBM Case Foundation 5.2.1: Introduction (F230G) is the first course in in the series of courses available for IBM Case Foundation 5.2.1

Pre koho je kurz určený

Workflow System Administrator is responsible for day-to-day operations of production FileNet Workflow applications and maintenance of the workflow systems.

Workflow Author is responsible for designing and implementing FileNet workflow applications in the development environment. The Workflow Author prepares the workflow system objects for the FileNet workflow applications which typically provide advanced work management and process automation functions integrated with content management.

Čo Vás naučíme

Understand workflow fundamentals

Understand fundamental FileNet workflow elements and how they are used in FileNet workflow applications.

How workflow processing occurs and how to use administrative tools

Learn how to launch process and track a workflow.

Learn how to search for work items in a processing workflow.

Understand Case Foundation architecture

Understand IBM Case Foundation architecture to:

Enable the system administrator to maintain workflow applications effectively.

Facilitate the workflow author in developing and testing of FileNet workflow applications.

Požadované vstupné znalosti

Workflow Authors and Workflow System Administrators have this prior knowledge:

- Understanding of their organization's business process applications, competent level
- Database technology, competent level
- PCs, networks, and their organization's server operating systems at the expert level

Recommended prerequisite courses:

- IBM FileNet Content Manager 5.2: Implementation and Administration (F115G)

Študijné materiály

Príručka ku kurzu firmy IBM podľa programu kurzu.

Osnova kurzu

Workflow fundamentals

Understand fundamental FileNet workflow elements and how they are used in FileNet workflow applications

Workflow processing

Launch, process and track a workflow
